

Gerber Static Cling

Feature	Benefit
EDGE READY™ Manufactured and converted by Gerber for use with GerberColor™ Foils and the GERBER EDGE®.	<ul style="list-style-type: none"> Optimal printing results means less wasted material and greater profits. Superior finished product translates into repeat business.
Precision punched	<ul style="list-style-type: none"> Precise punch pattern provides outstanding print registration with the EDGE and perfect tracking through Gerber plotters. This means less wasted material, greater productivity and increased profits.
No adhesive	<ul style="list-style-type: none"> This product will stick to glass (and other smooth, non-porous surfaces) without adhesive. The customer can apply Static Cling graphics themselves, saving the EDGE owner time and money.

Static Cling is a ready-to-go sign face. Print, cut and apply it to the final substrate. Customers love this material because they can apply it themselves. Use static cling for window graphic applications. Decorate mirrors, create parking decals etc..

Try a GerberColor Transparent Foil design on Clear Static Cling if light will be shooting through it. Double hit the color and you can get some spectacular effects!
