

TITLE: OMEGA serial number and system ID number

Category:	OMEGA [™] software
0,	

Gerber FastFact #: 3800

Supplied by: Gerber Service

Last Modified: 4/8/08

Summary: This document will help you identify the location of the system serial number for your particular OMEGA configuration.

You can use any of the methods below to find your OMEGA serial number and system identification number.

- 1. GSP Tray
- 2. OMEGA software box
- 3. Security key report / block report
- 4. OMEGA.log file

1. GSPTRAY

- If GSPTray is not running in the status bar, go to START | PROGRAMS | OMEGA | GSPTray
- Right click on GSPTray icon 🧧 in your status bar.
- Click System Identification String

Your serial number and ID number are displayed.
